Live Telecast of March 7, 1955

As a companion to the historic 1956 telecast of *Peter Pan* released on DVD last year, VAI is now offering the original 1955 telecast of *Peter Pan* for the first time on DVD. This performance mounted just days after the show closed on Broadway in 1955, was previously available only on Blu-ray, and stars the incomparable Mary Martin as Peter Pan. The entire production was staged, choreographed, and adapted by Jerome Robbins. Bonus features: An exclusive interview with Heller Halliday, daughter of Mary Martin and Richard Halliday, who played the role of "Liza" in *Peter Pan* on Broadway, and in both the 1955 and 1956 telecasts; and a 1955 NBC "Telesales Promo," which provides a fascinating behind-the-scenes look at the production.
